FAZUA has developed an innovative e-bike drive system that is integrated into famous bike brands and conveys the feeling of a non-motorized bike.

We are looking for an industrial designer with experience in UI/UX design, or an UI/UX designer with an industrial design background.

YOUR TASKS

Together with our design team you will

- Conduct requirement analysis and user research
- Translate research insights into innovative concepts
- Develop concepts and ideas into market ready products, interfaces and services

UI / UX Design (FAZUA App)

- You create simple and user-friendly interfaces & workflows
- You provide visual design specifications and acceptance criteria for developers
- You help further develop the app's overall design system & style guide
- You coordinate external design agencies incl. quality assurance of their concepts
- You work in close cooperation with product owners and software developers in an agile environment (SCRUM)

Physical product

- You develop simple, dynamic and user-friendly products for a complex environment

- You prepare and perform workshops, arrange moodboards, create personas and develop use cases
- You create 3D models and variants
- You build quick mockups and prototypes in an iterative process

YOUR PROFILE

- You have a successfully completed degree in the field of industrial-, UI/UX or graphic design or a comparable field
- You have several years of experience in designing products and/or interfaces, ideally with an agency background
- You have a feel for intuitive user interfaces and you bring a sense for high-quality and aesthetic design
- You have profound knowledge of the Adobe Creative Cloud (Photoshop, InDesign, Illustrator, XD) or alternatively Sketch
- You ideally have experience in Rhino, Solid Works, Alias and Figma
- You are fluent in English - German is a plus

YOUR BENEFITS

- A vibrant, creative and international working environment (start-up character)
- Flexible working hours and home office possibility
- Modern office spaces, latest hardware/software, coffee for free and office dogs
- And, of course, lots of ebikes to test and rent
